

## PNA - Product Notification Alert

### New Pilots Modification

<b>Product Range:</b>	
<b>Product Stock Code:</b>	5203 - Pilot Crimp Contact Tube
<b>Release Date:</b>	11 <sup>th</sup> December 2024

#### Feature:

Improvements and modifications have now been made to PN 5203 - Pilot Crimp Contact Tube. Part Number will remain the same.

1. The slots are now deeper, helping to support the spring tension.
2. The outer diameter where the spring sits has now been modified. This again helps to support and maintain the spring tension.
3. The crimp section has been removed and is now back to soldered. This is possible due to some cost effective methods that weren't previously available.
4. Heat shrink has now been added. This increases the reliability of the insulation and removes the human error factor.
