PNA - Product Notification Alert

EARTH PILOT INSTALL TORQUE WRENCH KITS

Product Range:	Earth Pilot Install Torque Wrench Kits
Product Stock Code:	PN: RS3854 & RS3855
Release Date:	16th September 2025

Feature:

These two tool kits include the same items, with one key difference: RS3854 features an adjustable torque wrench for tightening various fasteners as needed. This torque wrench is adjustable from 20Nm up to 100Nm. While RS3855 comes with a preset torque wrench fixed at 30Nm, removing the need for manual adjustments. Simply use your prefer torque wrench to secure the fasteners by tightening it until the torque wrench clicks.
