

PNA - Product Notification Alert

150A (PS) – 60A (PES) CONVERTER

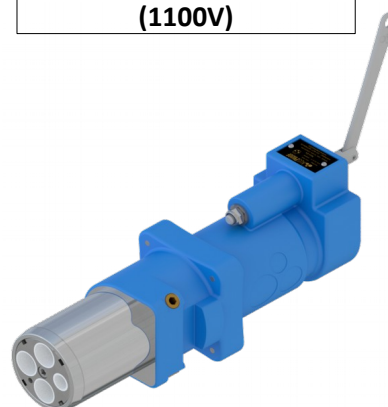

Product Range:	PES & PS
Product Stock Code:	PN: RS3610 & RS3611
Release Date:	16 th September 2025

Feature:

AusProof has developed a 150A (PS) to 60A (PES) converter compatible with all smart starter panels designed for 5-220kW non-EX underground pumps. This solution enables seamless operation of both dewatering pumps and Jumbo drill rigs from a single starter panel, optimizing system efficiency and reducing the quantity of trailing cables required across the mine site.

**RS3610
(1100V)**

**RS3611
(660V)**

Please note: This item only includes a converter (Pictured above). 150 Amp receptacles must be purchased separately
