### GRUB SCREW RANGE AES AND AS

<b>Product Range:</b>	AES & AS
<b>Stock Number:</b>	N/A
<b>Release Date:</b>	28 <sup>th</sup> November 2025

#### Feature:

Grub screw contact options have now been introduced to our AES and AS ranges. Each contact will be supplied with special flat-point stainless steel grade 316 grub screws, providing superior corrosion resistance against moisture and other environmental factors. This enhances cable longevity and overall reliability. The flat-point design also minimizes the risk of copper strand damage during installation. This essential component ensures secure and safe electrical connections. This is for use in Non-Ex environments only.

Please refer to the table below for all compatible restrained ranges available.
